Plan Year: January 1 – December 31, 2025
Administered by WEX Health | Retirement via Fidelity Investments

This Benefits Guide provides detailed plan-level information and supersedes general summaries contained in the Employee Handbook where discrepancies exist. The official Summary Plan Descriptions (SPDs) govern all benefit determinations. This guide applies to Full-Time Regular (FTR) employees only. Part-time and temporary employees should consult HR for applicable coverages.

1.3 HSA Details - NexCare Basic Enrollees

Employees enrolled in NexCare Basic are eligible for a Health Savings Account (HSA) administered through HealthEquity. The HSA offers a triple tax advantage: contributions are pre-tax, growth is tax-free, and withdrawals for qualified medical expenses are tax-free.

> *2025 IRS HSA Contribution Limits: $4,300 for individual coverage / $8,550 for family coverage. Employees age 55 or older may make an additional catch-up contribution of $1,000. These limits include Nexarion's employer contribution. Nexarion contributes $600 (individual) or $1,200 (family) annually in two equal installments on January 1 and July 1. Employees hired after July 1 receive a prorated contribution.*

HSA funds roll over indefinitely with no use-it-or-lose-it rule. Upon separation, the HSA belongs to the employee and may be rolled into a personal HSA at any financial institution. Employees may invest HSA balances above $1,000 in a curated fund menu through HealthEquity's investment platform.

1.4 FSA Details - NexCare Plus and Premier Enrollees

Healthcare FSAs are administered through WEX Health. The 2025 IRS contribution limit is $3,300 per household. FSA funds are available in full on January 1 regardless of contribution timing (front-loaded access). The plan allows a maximum rollover of $660 into the following plan year; any remaining balance above $660 is forfeited on March 15 of the following year (grace period applies).

> *IMPORTANT CLARIFICATION: The Employee Handbook references a $610 FSA rollover. Effective January 1, 2025, this amount has been updated to $660 per the revised IRS guidelines. This Benefits Guide supersedes the Handbook on this specific figure. Employees should reference this document for the correct 2025 rollover amount.*

1.5 Dependent Care FSA

All FTR employees may enroll in a Dependent Care FSA regardless of health plan enrollment. The 2025 IRS limit is $5,000 per household ($2,500 if married filing separately). Eligible expenses include daycare, before/after school programs, and elder care for a qualifying dependent. Dependent Care FSA funds are NOT front-loaded; only funds actually contributed are available at any point.

Section 2: Dental & Vision Coverage
